Prior to arrival in Zambia, you are required to have obtained a negative PCR Covid-19 test from your country of origin or departure. Please note this test is to be within 72 hours of arrival in Zambia for it to be deemed valid and this cost is at your own expense and not inclusive in Zambezi Grande rates.

## PRIOR TO DEPARTURE

For any guests that require PCR Covid-19 tests during their stay at Zambezi Grande enabling them to get back to their country of origin, we are able to provide convenient testing with next day results at Zambezi Grande. We have partnered with a qualified doctor and certified clinic technician and are able to facilitate testing at the lodge for guests which includes the required Ministry of Health certification stamp. This alleviates the need for guests to overnight additional nights in towns/cities and allows for more uninterrupted time enjoying their safaris.
